# about us

We are a company with a passion to provide stunning venues that cater to all types of events across Texas and Oklahoma. However, we are considered the "Wedding Venue Experts" in the industry, because our main focus is, of course, **weddings!**

However, if you are asking yourself what sets us apart from other wedding venues, don't worry, we're about to tell you! The Springs has a total of 23 venues in 15 different locations in TX & OK. Among these 23 venues, you'll find a mix of our 7 unique venue design styles!

Our venues are beautifully designed and uniquely crafted to meet every couple's wedding needs & provide the ultimate stress-free experience. Our goal is to make you feel at home while you're with us while still remaining affordable.

Besides this variety of styles, we continue to stand out through our amazing staff. It starts with the quality of service of our experienced managers and the attention to our client's personal needs.

[springsvenue.com](http://springsvenue.com)

Our biggest superpower is our 15-hour rental policy. That's right, our venue is all yours for 15 hours on your special day. We also equip all our venues with separate dressing suites, plenty of bathrooms, and a large prep kitchen.

In this guide, you'll get to know a little bit more about each of our 7 styles (they are listed in alphabetical order to make it easier), and discover which venue style matches your *personal* style best. One thing to keep in mind is that no matter which style you decide to go with, you'll always find an outdoor ceremony site, water feature, and a grand staircase at each one of our dazzling locations.

Pretty much all the same amenities are included at all 15 locations (well...one big exception is the chapel -- that's exclusive to our Valley View location).

Lastly, we are proud to include that all locations at The Springs are LGBTQ+ & pet friendly; and YES, we do allow sparklers send-off (another popular question!)

This is actually our newest venue style, and it is one-of-a-kind! Believe us, it is B-E-A-utiful! This federalist, estate-style mansion was renovated from an old house and has tons of unique features that make for a very special day! What makes this venue unique (even from the other venues at The Springs) is that this venue has its own little white chapel on the grounds, just a short walk away from the main hall.

This ICONIC Dutch-barn style venue radiates charm, allure, and tranquility. This venue can handle rustic-chic to elegant glamor. Trinity Farmhouse is designed to create a world of possibilities for your special day. Dress it up – dress it down – the choice is yours. The whitewashed walls make this venue the perfect backdrop for any wedding, no matter the color scheme!

# Lodge

springvenue.com

you can find two mountain lodge style venues in the DFW area:  
Denton & Alvarado

# style

## 04

Our modern approach on a traditional mountain-lodge style venue will transport you instantly to Colorado's luxurious mountain resorts! These lodges are full of natural light with floor-to-ceiling windows and high ceilings. They boast a peaceful ambiance that you won't find at another venue in DFW. As soon as you step through the grand double doors, you will be awestruck at this venue's grandeur and beauty. Not to mention the grounds will make you feel like a you're on a mountaintop – right in North Texas!

[springsvenue.com](http://springsvenue.com)

Both Denton and Alvarado's lodge-style venues are very similar, but they do have a few differences.

The first venue out of the two that we created was Denton, and thanks to its success, was replicated in the south Fort Worth area for more couples to enjoy!

Both locations provide farmhouse cross-back chairs and tables, separate dressing suites, indoor/outdoor fireplaces, and spacious outdoor balconies.

To know which one is which, simply look at the floors and the staircases. At Alvarado, the staircase is open and the floors are wooden.

These luxurious southern-manor venues are filled to the brim with picturesque charm! They make for a super romantic and captivating wedding day that will have your guests in awe from day to night time. You can celebrate your special moments in the grand hall underneath the glimmering chandeliers, or you can roam the perfectly manicured grounds no matter what season. Either way, this venue style is beyond gorgeous and emits elegance!

[springsvenue.com](http://springsvenue.com)

Although all of our manor venues have very similar features, like having an indoor fireplace and a second floor, there are no two venues alike. Some subtle differences are present like the Juliet balcony at Weatherford's manor and the centenary trees at Angleton's ceremony site.

## 06

The pioneer of all styles, you certainly can't go wrong with our ranch style venue! It doesn't come as a surprise that this is our most popular design. These classic ranch-style venues are the perfect combination of rustic and elegant. You are most likely to find a Ranch style venue near you, as we have multiple locations throughout Texas (DFW & Houston area) and Oklahoma (OKC & Tulsa area).

The Springs ranch-style venues are all slightly similar yet you'll discover that each of our 14 Ranch venues has its own nuances & details that are exclusive to its particular location.

You can find lakeside views or babbling brooks, limestone walls or wooden stages, but each venue is still stunning in its own way!

These ranch-style venues are perfect for your romantic and memorable day.

Lastly, this hilltop Tuscan-style wedding venue is modeled after the villas found in central Italy. It is ideal for spending your special day immersed in nature and old-world charm. Indoor and outdoor stone accents keep the Tuscan theme incorporated throughout the entire venue. This venue has a wow factor that just can't quite be covered in words. This villa is a one-of-a kind!
